Mad dogs are causing excitement  
in some parts of Cabarrus county.

Editor Farris, of the Enterprise,  
will publish a daily paper in High  
Point.

The Southern is said to be dropping  
negro firemen and substituting  
white men in their places. The  
company is said to have too many  
engineers, and some of these will  
be reduced to firemen.

On the return of the Asheville  
excursion, near Statesville a negro  
threw a rock at the conductor, it  
missed, glanced out of the door to  
the platform and crushed the hand  
of a Mr. Stirewalt.

## BROOM RELEASED.

The Young Man Who Killed Abram  
Davis Placed Under a Bond of \$25—  
The Preliminary Hearing Held This  
Morning.

The city court room Tuesday  
was crowded, the drawing card being  
the case of Andrew Broom for the  
killing of Abram Davis. The evi-  
dence both for the prisoner and the  
State showed conclusively that  
Broom acted in self defence; that  
Davis first accosted Broom, used vile  
language and threw two stones at  
him before he made any attempt to  
defend himself. The testimony of  
the witnesses all went to show that  
Davis was a bad man and that he  
courted a difficulty. He had on one  
or two occasions been on the chain  
gang and was well known in police  
circles.

Mayor Springs after hearing all  
of the evidence decided that Broom's  
actions were entirely justifiable and  
dismissed the case, binding him over  
only for carrying a concealed weapon.

When Mayor Springs delivered his  
decision in the case, the crowds that  
expressed their approval by wild shouts  
and yells. It was some minutes  
before order was restored.

Broom gave bond in the sum of  
\$25 for carrying concealed weapons  
and was given his liberty.

## SULTAN DEFIES THE POWERS.

Refuses to Accept the Ultimatum of  
the European Ambassadors.

By Telegram to The News.  
CONSTANTINOPLE, July 13.—The  
Porte has decided not to yield to the  
Powers in their present demand for  
the possession of that part of Thes-  
saly north of the Salambria River,  
making that stream the southern  
boundary of Turkey territory. Not-  
withstanding the unanimous reply  
of the Powers unfavorable to its de-  
mands, the Porte relies upon the  
inability of the European Powers to  
agree upon a plan of coercion. The  
Turkish troops will not be with-  
drawn from Thessaly until the  
European Powers force the with-  
drawal.

**WOMEN WORKED ON CHAIN GANG.**

Will Wear Overalls and Break Rocks  
on the Street, as the Men Prisoners  
Do.

By Telegram to The News.  
KANSAS CITY, Mo., July 13.—  
The police department of this city  
began today working women in the  
chain gang on the streets and roads,  
breaking stones the same as the men  
prisoners. The city authorities say  
they consider that idleness is not a  
sufficient punishment for women,  
and they must be put at hard labor,  
as the men are.

The women will wear coarse over-  
alls, and will have no skirts to im-  
pede their work.

This is probably the first time in  
this country that any large city has  
worked female prisoners on the  
chain gang, and public sentiment is  
divided on the question.

## SENATOR HARRIS'S FUNERAL.

Body Lies in State in First Methodist  
Church in Memphis.

By Telegram to The News.  
MEMPHIS, Tenn., July 13.—The  
funeral train bearing the body of the  
late Senator Harris arrived here at  
7:30 o'clock this morning. At  
Nashville by Governor Taylor and many  
state officials. The camps of Con-  
federate veterans of the cities acted  
as an escort of honor to the remains.  
The body was taken to the First  
Methodist church to lie in state  
throughout the morning.

The remains will be interred with  
the formal funeral this afternoon.

**Opening of Wallis Academy.**

A correspondent writes that there  
has been quite an improvement in  
Wallis Academy, which has been  
renovated with a good coat of paint,  
inside and out, which gives it a fine  
appearance. It now has a belfry  
eleven feet high. School has just  
been begun by Miss Cora Edwards,  
the accomplished Pineville young  
lady who taught the last session.  
She had some twenty five or thirty  
scholars the first day.

**Dr. T. C. Walker is Insane.**

Dr. J. M. Worth, former State  
Treasurer, and grandfather of Dr. T. C.  
Walker, of Randolph county,  
telegraphed the News & Observer  
that Dr. Walker is insane and has  
been for some time. He says every  
effort is being made by his family to  
locate his whereabouts and get him  
back home. Dr. Walker forged Dr.  
Worth's name to a note for \$5,000.

**Ex-Minister Lothrop Dead.**

DETROIT, Mich., July 12.—George  
V. N. Lothrop, ex-minister to Rus-  
sia, died here at 10 o'clock this  
morning. He was prostrated by  
heat a week ago, and has been un-  
conscious most of the time since.

**Not Living With McKinley Yet.**

WASHINGTON, July 13.—Senator  
Hanna this morning emphatically  
denied the story that he intended to  
take up his residence at the White  
House.

## COAL FAMINE.

WESTERN SHOPS SHUT DOWN FOR  
LACK OF FUEL.

Railroads C. confiscate Coal in Transit.—  
West Virginia Still Refuses to  
Strike.  
By Telegram to The News.  
COLUMBUS, Ohio, July 10.—The  
efforts of the leaders in the coal  
strike are being directed toward  
bringing about, if possible, the co-  
operation of the men in the West  
Virginia mines. The continuation  
of work in these mines is the greatest  
obstacle to the success of the strikers.  
Many who have quit work at the  
Ohio mines are straggling across the  
river and securing employment in  
West Virginia. The men at Dillen-  
vale and Long Run did not return  
to work yesterday.

**RAILROADS THREATENED.**  
In spite of the presence of deputy  
marshals for the purpose of pro-  
tecting them, threats are still made  
by the strikers that if the railroads  
attempt to handle West Virginia  
coal their trains will be stopped, as  
the coal famine in Cleveland is owing  
to the fact that the railroads con-  
fiscate most of the coal that comes  
into their hands.

Several big shops are closed for  
lack of fuel. A serious famine is  
imminent in Chicago unless the  
strike is settled in ten days.

## LYNCHED BY LANTERN-LIGHT.

Brown Cringed and Begged for Mercy,  
But the Crowd Only Jeered.

By Telegram to The News.  
UNION, Mo., July 10.—The town  
is greatly excited over a lynching  
which occurred here early this  
morning. An infuriated mob of  
masked men took the criminal,  
Erastus Brown, out of jail between  
midnight and day.

With lighted lanterns they carried  
him to the outskirts of the town. A  
strong piece of hemp rope was tied  
around his neck. The mob then  
swung him to the limb of a huge  
tree. The victim cringed, wailed  
and begged for mercy, but the crowd  
only jeered at him. He died a few  
minutes after he was swung up.

**INSURGENTS IN HAVANA PROVINCE.**

28,000 Spaniards Sick Bank of Spain  
Issues 136,000,000 Pesetas Over the  
Limit.

By Telegram to The News.  
MADRID, July 12.—A dispatch  
from Havana says two of the principal  
bands of insurgents are now in  
the province of Havana, and that  
arms and ammunition have been  
landed at various points along the  
coast. Upward of twenty eight  
thousand Spaniards are sick, and  
there are seven thousand patients in  
the Havana hospitals. There is  
great scarcity of provisions owing to  
the delay of the authorities in mak-  
ing payment to contractors. The  
statement of the official Gazette in  
regard to the affairs of the Bank of  
Spain has caused a great deal of com-  
ment. It notes that the circulation  
now exceeds the amount the bank is  
authorized to issue by 136,000,000  
pesetas.

## Senate in a Deadlock.

By Telegram to The News.  
WASHINGTON, July 14.—The  
Senate is in a deadlock over the  
question of taking up the resolution  
directing the President to suspend  
the agreement to sell the govern-  
ment's interest in the Union Pacific  
railroad. The vote shows a major-  
ity of two to one in favor of taking  
up the resolution, but there is no  
quorum present. The absent Sen-  
ators are out of the city.

**Fatal Accident in the Station.**

By Telegram to The News.  
HARRISBURG, Pa., July 14.—As  
the Philadelphia and Erie train was  
drawing into the train shed of the  
Pennsylvania railroad station this  
morning the front wheel of the  
engine struck the frog and jumped  
the switch crushing to death George  
Miller, son of the engineer, and  
badly injuring Fireman John Ream.  
The train was but slightly delayed.

**Imported Workers Take Strikers' Places.**

CLEVELAND, Ohio, July 13.—The  
strike in the Cream sheet tin plate  
works was broken today by the im-  
portation of five hundred and forty  
skilled men from Pennsylvania, who  
were set to work. Trouble is feared.

**Proprietor of the Times Dead.**

PHILADELPHIA, July 14.—Frank  
McLaughlin, proprietor of the Phila-  
delphia Times, died of rheumatism  
and gout at his residence in this city  
this morning.

**Boston, July 14.**—The official  
speed trial of the United States re-  
venue cutter "Manning," which is  
scheduled for the New England coast  
today, is postponed until tomorrow  
on account of the gale.

The late W. B. Davis, who died  
on the train near Reidsville Satur-  
day night, traveled for Guggenheim  
& Co., of Lynchburg, Va., who  
had the body embalmed at Reids-  
ville, and carried home for burial.

## READY TO GO OUT.

West Virginia Miners are Ready to  
Join in the Strike.—The Militia are  
Prepared for Trouble.

By Telegram to The News.  
WHEELING, W. Va., July 12.—A  
great change has come over the  
miners of this State. Operators do  
not disguise their intention to do  
their best to keep organizers from  
doing effective work. Meetings were  
held at Thacker, Elkhorn and Blue  
field last night, but no definite ac-  
tion was taken, though sympathy for  
the strike was expressed. Governor  
Atkinson and Adjutant General  
Appleton are preparing for trouble.  
Five hundred stand of arms have  
been secured from the government  
for the militia with a half million  
rounds of ammunition, including  
Gatling cartridges. The militia will  
be used soon if there is request for  
them. All the commanders have  
been communicated with and ordered  
to be ready. The Cleveland,  
Lorraine and Wheeling railroad to  
day began hauling West Virginia  
coal. No trouble is reported thus  
far as the strike leaders are trying  
to keep their men from creating any  
disturbance.

## 66 HOURS A WEEK'S WORK.

No Children Under Twelve Years of  
Age to be Employed in the Char-  
lotte Mills.

George E. Wilson, Esq., made  
chairman of the meeting of cotton  
mill men at the Manufacturers' Club  
Friday evening, and Capt. W. S.  
Mallory was secretary.

The following resolutions were  
adopted:  
"Resolved, That the mills in  
Charlotte adopt 66 hours as a week's  
labor."

"Resolved, That the operatives of  
the mills be charged rent for houses,  
at the rate of 20 cents per room per  
week."

"Resolved, That the above resolu-  
tion go into effect on the first day of  
August next."

"Resolved, That it is the sense of  
this meeting that we do not favor  
the employment in mills of any  
child under 12 years of age, and that  
we will use all proper efforts to pre-  
vent it."

The following were present: Geo.  
E. Wilson, president of Victor  
mills; Col. J. T. Anthony, president  
of the Alpha mills; H. S. Chadwick,  
president of the Dover and Louise  
mills; J. P. Wilson, treasurer of  
the Dover mills; D. A. Tompkins,  
president, and R. M. Miller, Jr.,  
treasurer of the Atherton Mills; Dr.  
J. H. McAden, president of the Mc  
Aden mills; W. T. Jordan, manager  
of the Mountain Islands mills; P. M.  
Brown, president of the Ada mills;  
and W. S. Mallory, treasurer of the  
Louise mills.

## NO FREE DELIVERY.

The Southern and C. & W. C. Declare  
it Off in Greenville.

Third vice president Gannon of  
the Southern went down to Green-  
ville on yesterday to confer with  
president John B. Cleveland, of the  
C. & W. C., in regard to the free de-  
livery of freight in that city. The  
C. & W. C. road first instituted the  
free delivery system in Greenville,  
and the Southern was forced to do  
the same. Now both roads are not  
only willing but are anxious to do  
away with the whole business.

Greenville is about the only town in  
the country where railroad competi-  
tion was so great that a free delivery  
system of freights made it necessary  
for railroads to adopt this unusual  
drawing card. The News learns  
that both the Southern and the C. &  
W. C., will discontinue at once.

Contractor Emerson, of Durham,  
has been awarded the contract for  
the building of the Southern's new  
freight office in Greenville. The  
work of construction will begin at  
once.

The Southern's passenger yard in  
Charlotte is undergoing some im-  
provement. In front of the pas-  
senger station workmen are busily  
engaged leveling the grounds and  
generally improving the looks of the  
place.

Capt. J. A. Allison will begin  
learning the road from Charlotte to  
Spencer tomorrow.

## LOSS OVER \$20,000.

Greensboro Fire Thought to Have  
Been Caused by Negro Incendiaries.

Monday at Greensboro David's  
shoe store, on Elm street, the Arm-  
field, Ricks and Vickery dry goods  
store and the Star warehouse, a large  
wooden building of the most inflam-  
mable material were burned. A num-  
ber of near-by buildings were seriously  
damaged by fire and water. The  
fires are supposed to be incendiary  
and there is great indignation at the  
outrage.

Persons who came from Greens-  
boro this morning say that the loss  
on the stocks in the stores alone will  
be \$20,000 to say nothing of the  
buildings and the loss of Mr. Pheo  
mix. It is thought the buildings  
were set on fire by negroes who have  
been making threats since the shoot-  
ing trouble some nights ago.

H. N. Goodman, of Concord, has  
already had corn meal made from  
this year's crop of corn, says the  
Standard.

## BLEW UP SPANISH.

CUBANS USED DYNAMITE ON THEIR  
ENEMIES.

Explosion Caused the Negroes to Flee  
to Fall on the Soldiers—Only Three  
Escaped.

By Telegram to The News.  
KEY WEST, Fla., July 10.—A dis-  
patch from Cuba says two expedi-  
tions have been landed in the pro-  
vince of Pinar del Rio within the last  
week. A Spanish gunboat attempt-  
ed to capture one, but failed.

It also states that while two hun-  
dred Spanish soldiers were passing  
through a defile, a band of insurgents  
fired a dynamite shell into their  
midst, which tore an immense hole  
in the ground and shook the alleys  
of the Canyon so that they fell for-  
ward, burying the Spanish. Only  
three of the soldiers escaped.

## \$3,000 A. R. P. CHURCH

For Huntersville—2,500 Harrows to  
be Manufactured—Fine Prospects  
for the High School.

By Telegram to The News.  
HUNTERSVILLE, July 13.—This  
section has at last had good rains,  
and crops are looking fine; the wheat  
crop is especially turning out well.

The new school law is being dis-  
cussed among our people and almost  
every one is in favor of it. D. R.  
Harry and wife, of Char-  
lotte, spent last Sunday with Dr. C.  
E. Walker.—A. P. Rhyne, of Mt.  
Holly, was over last week on mill  
business.—Miss Maggie Maxwell,  
who was visiting her friend Miss Bee  
Lee Ranson, has returned to her  
home at Davidson.—Miss Lida  
Adams, of Gastonia, is visiting rela-  
tives at this place.

Rev. W. W. Orr filled the A. R. P.  
pulpit last Sunday and Sunday  
night, as Mr. Boyce the present pas-  
tor, was sick.

Misses Minnie and Essie Alexan-  
der, of Gilead, are visiting the fam-  
ily of J. L. Chast.

"Go fishing" is now heard daily  
among the boys. The Catawba is  
the favorite spot.

Quite a number of our young  
folks are to go on a mountain trip  
soon.

Squire W. O. Bailes, of Pineville,  
paid our little town a hasty visit last  
Saturday afternoon, returning to  
Charlotte on the 7:30 o'clock train.  
All the girls wanted to know if he  
was the man who could marry folks  
so cheap.

Mr. Stephen Blankenship, of Pine-  
ville, came up Saturday after-  
noon on what your humble servant  
calls very important business. The  
connection on the A. T. & O. was  
such he stayed over until Monday,  
of course stopping at the "Living-  
ston house."

Ritch and Caldwell have contract-  
ed to put up twenty five hundred  
harrows for next season. They  
manufacture the Ritch harrow.

The A. R. P. people contemplate  
building a new church soon to cost  
about \$3,000.

R. T. Higgins, of New York, is  
stopping for the summer at the Liv-  
ingston house.—Miss Mamie Spur-  
rier, of Spurrers, N. C., is visiting  
her friend, Miss Pearl Livingston,  
at this place.

The outlook for the Huntersville  
high school is very encouraging.  
Catalogues are being asked for from  
a great many States.

Your correspondent and a few  
more "nice fellows" had a "plum  
good time" on the Catawba last  
week fishing. We promised one half  
the fish for the use of net; we hope  
to get that half next time.

W. B. Blythe left yesterday for  
Hickory where he will join Prof.  
W. C. Crosby on a trip through the  
mountains.

## ANNUAL ENCAMPMENT.

South Carolina Farmers to Have a Big  
Time in York County.

Just across the line, over in York  
county, South Carolina, the big  
Alliance encampment which takes  
place annually at Tivah will hold  
forth for two days this year; the 5th  
and 6th of August have been named  
as the days.

The biggest attraction this year  
will be the speech of Congressman  
Sibley, of Pennsylvania. On the  
second day Tillman is to tell the  
people of his good works in Wash-  
ington and all about the decision of  
Judge Simonton in the original  
package case. Governor Ellerbe,  
Messrs. John Gary Evans and H. H.  
Crum and Congressmen Strait, Stokes  
and Wilson will also be there and  
speak to the people.

A number of of Charlotte people  
will attend this meeting for there is  
always something of interest that  
transpires annually at this place.

**The Directory People in Shape.**

The Maloney directory company  
has adjusted matters in Columbia  
and the delivery of the new direc-  
tories for that city begun on yesterday.  
The Columbia State of today says:  
"Yesterday, all legal trouble about  
the new Maloney directories of this  
city of Columbia having been sat-  
isfactorily adjusted, the representa-  
tives of the company began to de-  
liver the copies of the new directory  
to those in the city who had sub-  
scribed for it."

## RESERVOIRS BURST.

The Flood Swept the Whole Valley  
Before It—Residences, Brickyards  
and Railroad Track Swept Away  
Without Warning.

By Telegram to The News.  
NEWBURG, N. Y., July 14.—A  
fatal accident that is a reminder of  
the Johnstown flood occurred near  
here today.

The Meltingah reservoir at Fish-  
kill mountain, near Matteawan, has  
been swollen to overflowing by the  
recent heavy rains. This morning  
the reservoir burst. The water ran  
into a deep ravine two miles below  
the reservoir, near Dutchess Junction,  
washing away almost everything in  
its path. A number of buildings,  
private residences and a brick yard  
with all its buildings were washed  
away with a boarding house occupied  
by laborers. It is reported that nine  
of them are missing. They are sup-  
posed to have been drowned.

The flood washed away over two  
hundred yards of the Hudson River  
railway track. There were two re-  
servoirs, one above the other. The  
top one burst first letting the volume  
of water into the lower reservoir and  
bursting it without warning. The  
flood carried everything before it.

Ten bodies have been recovered  
and twenty are still missing. The  
dead are: Mrs. Annie Perry, widow,  
of Dutchess, Willie Perry, her nine  
year old son; Mrs. John Conroy,  
John Conroy, her son, Julia Conroy;  
John Tindler, laborer; an unknown  
girl about fifteen years old; Peter  
Mulligan, Mrs. Mulligan, Elina  
Lowrie, and a girl about five years  
old. Search for the missing bodies  
is progressing rapidly. The district  
is completely stricken by the disaster.  
Many families are not only homeless  
but have lost all their earthly pos-  
sessions.

## WAS THE WRONG MAN.

Harris, the Negro Arrested Supposed  
to be the R. P.ist, Given His Liberty.

The negro Harris who was arrested  
on Thursday, supposed to be the  
rapist wanted in Anderson, South  
Carolina, is not the right man. A  
party was up from Anderson Thurs-  
day and informed the police that  
they had the wrong man. Harris  
and his partner were at once given  
their liberty.

Another arrest was made in Co-  
lumbia Friday. The State says:  
"Yesterday afternoon at the union  
depot Officer Dowie arrested a mu-  
lato negro, about 18 or 20 years of  
age, who seemed to almost exactly  
fit the description given of Chris  
Harris, the ravisher, for whose arrest  
the people of Anderson and the gov-  
ernor have offered rewards aggregat-  
ing \$500. The negro gave his name  
as Henry Rutherford and said he  
lived at Prosperity; and was on his  
way home from a seminary in North  
Carolina where he was studying for  
the ministry. He said he had never  
been in Anderson in his life. He  
seemed considerably confused and  
was sent up to the station. He was  
dudishly dressed and so far as the  
description of Harris went nine men  
out of every ten would have stopped  
him. It was not until a gentleman  
from Anderson, who happened to be  
in the city and knew Harris, the  
negro wanted, came to headquarters  
and declared as soon as he saw the  
fellow that he was the wrong man,  
that the police were convinced.  
Rutherford was shortly afterwards  
released."

## DIPHTHERIA IS RAGING.

Just Over the South Carolina Line—  
Poorth Dots.

By Telegram to The News.  
POORTHT, July 14.—Refreshing  
showers have again greeted us,  
crops are looking fine and our farm-  
ers are nearly done work.

Several Poorth people attended  
the district conference at Waxhaw  
last Sunday, and report a well spent  
day.

That dread disease diphtheria  
is raging just across the South Car-  
olina line. One death and two other  
cases are reported from one family.  
Dr. Robert Potts is on the sick  
list.

Rev. J. W. Siler will begin a  
series of meetings at the Presbyteri-  
an church next Sunday night; that  
will continue until the fourth Sun-  
day.
